

**Part-Time Program Educator
Food Literacy Center
Sacramento, CA**

About Us:

At Food Literacy Center, ***we inspire kids to eat their vegetables.*** Food Literacy Center came to life in July 2011 to fill a critical gap: we engage volunteers and staff to help kids improve their knowledge, attitude, and behavior towards healthy food. Partnering with SCUSD and community partners, we teach food literacy education to K-6th graders in low-income schools, using fun, approachable lessons teaching kids to cook, about nutrition, and how to improve their health. Our kids become food adventurers!

Why our work matters:

- Despite being America's Farm-to-Fork Capital, Sacramento has a 40% childhood obesity rate, and many students and families live in food deserts.
- Obesity disproportionately affects low-income and minority children.
- Obesity is now regarded as more damaging than smoking or drinking.
- Being overweight can negatively impact a child's self-esteem, behavior, and academic performance.
- All of these problems are preventable--if we eat our vegetables. But we have two generations of Americans who do not know how. That's where we come in.

We believe food literacy matters. Learn more about us at www.foodliteracycenter.org.
